## 38 Waldorf-Astoria, Orlando

### BEST FOR PARK AVENUE WANNABES.

The famed hotel makes its foray into Disney territory, though it's proximity to the parks is about the only thing the two have in common. From the signature Cartier clock to the eateries that have helped make it synonymous with gourmet cuisine — Bull & Bear Steakhouse and Peacock Alley — this sprawling property will be one of the largest and finest here when it opens next fall.

**DON'T MISS** Even the golf course and spa have designer names attached (Rees Jones and Guerlain, respectively). [waldorfastoriaorlando.com](http://waldorfastoriaorlando.com)
